The collection is composed of several entomological boxes classified under the different Insect orders:

·15 Odonata; · 4 Blattoidea; · 2 Phasmoidea; · 26 Dermaptera; · 2 Mantoidea; · 40 Orthoptera; · 102 Hemiptera; ·36 Neuroptera; 3 Trichoptera; · 4 Mecoptera; · 292 Lepidoptera; · 299 Diptera; 461 Coleoptera; · 619 Hymenoptera

The «Guido Grandi» collection presents more than 51,000 specimens belonging to approximately 3,000 different insect species.
