

Euro Fed Lipid

european federation for the science and technology of lipids

5th International Symposium on Lipid Oxidation and Antioxidants

08 – 10 July 2024

Bologna, Italy

The deadline for
submissions of oral
presentations is:
02 April 2024

For Poster presentations:
19 April 2024
(to reach the
Book of Abstracts)

CALL FOR PAPERS

The Scientific Committee has started to accept abstracts for oral communications (20 min incl. discussion) and poster presentations. You are cordially invited to submit your contribution online on the symposium website

www.eurofedlipid.org

TOPICS:

- Innovative methods for lipid oxidation and antioxidant evaluation (e.g. fluorescent probes, mass spectrometry, lipidomics, NMR).
- Elucidation of lipid oxidation and antioxidant mechanisms (e.g. free radical chemistry, multiphasic systems)
- Lipid oxidation and antioxidant effects in real systems (e.g. bulk oil, emulsions, oleogels, food, recycled oils)
- Protein oxidation in lipid-containing model systems and food: oxidative interactions and antioxidant effects
- Nutritional and physiological effects of oxidized lipids and antioxidants

Scientific Committee Members

Riccardo Amorati, University of Bologna, Italy
Maria Teresa Rodriguez Estrada, University of Bologna, Italy
Maria de Fátima Martins, University of Porto, Portugal
Charlotte Jacobsen, Technical University of Denmark, Denmark
Karin Schwarz, Christian-Albrechts-University Kiel, Germany

WITH THE PATRONAGE OF

ALMA MATER STUDIORUM
UNIVERSITÀ DI BOLOGNA
