WORKSHOP

Wednesday July 12 2023

ORCHARD SUSTAINABLE IRRIGATION

From ETc, to soil-plant technologies, to remote sensing: an international workshop to get to know and discuss the different DSSs for orchard irrigation scheduling

MORNING (9:00 - 12:30)
ACQUACAMPUS (Canale Emiliano Romagnolo) Via Ronchi,
Mezzolara di Budrio (Bologna)
Participation only in presence

DSS service providers for irrigation scheduling coming from different EU and extra-EU countries will showcase their sensors and systems in the field and will discuss the pro and cons of the approaches currently available on the market

14:00 Welcome from the regional Department of Agriculture (*Valtiero Mazzotti - Head of regional Agriculture Department*)

14.20 Operational Groups for Innovation funded by the Emilia Romagna region - research initiative for a more sustainable water use
(*Giuseppina Felice - Dirigente Settore Competitività delle imprese e sviluppo dell'innovazione*)

14.40 Strategies to face increasing water scarcity: initiatives at national and EU level. (ANBI e Irrigants d'Europe)

15.00 Round Table: Sustainable Technologies and innovation for water management - Current situation and solutions adopted in the different fruit producing regions worldwide. With the participation of the "FruitCREWS" international members

AFTERNOON (14:00 - 16:00)
Emilia-Romagna Region- Terza Torre - Sala "20 maggio 2012" - Viale della Fiera, 8 - Bologna
Participation in presence or online

FruitCREWS
