

2P4S2F Summer School

Plant Pathogenomics for a Sustainable Future of Food

June 23–27, 2025 | Bologna, Italy

The 2P4S2F Summer School is an exciting training program designed for early-career researchers, PhD students, and postdoctoral fellows interested in plant pathogenomics and its applications in sustainable food production. The program offers a comprehensive blend of lectures, hands-on workshops, and collaborative projects, providing participants with essential skills and cutting-edge insights into plant-pathogen interactions, genomic analysis techniques, and sustainable agricultural practices.

Expert Instructors & Training

The summer school is led by a distinguished lineup of renowned experts in plant pathogenomics and related disciplines. Participants will have the opportunity to learn directly from researchers with extensive experience in genomic sequencing, bioinformatics, and plant pathology, gaining valuable hands-on expertise in state-of-the-art methodologies.

Program Highlights

- Comprehensive training sessions with leading scientists
- Hands-on experience in genome sequencing and bioinformatics
- Sequencing of one sample included in the registration fee
- Networking opportunities with peers and experts in the field
- Social activities, including a dinner, to foster collaborations

Registration Fee & Costs

Fee: €750, which covers: Full access to all training sessions and materials, Sequencing of one sample included, Coffee breaks & lunches, Social dinner

Deadlines & Applicationx

Application: by April 15th, 2025
Registration: by April 31st, 2025
DNA sample delivery: by May 15th, 2025

Location & Accommodation

The summer school will take place in Bologna, Italy, a vibrant academic hub well-connected to major European cities. Travel and accommodation recommendations are available on the website, ensuring participants can plan their stay easily.

Join us for this unique opportunity to deepen your knowledge in plant pathogenomics, enhance your technical skills, and build lasting professional connections. We look forward to welcoming you to Bologna!
