

Discover SEGAE, our serious game in agroecology

Take part in the International Championship
on October 15!

Open to all

**Convert your farm to agroecology and win an Interrail pass for 2 people:
7 days of unlimited train travel throughout Europe
over a period of one month!**

The SEGAE serious game aims to better understand the sustainability challenges of a farm in different European countries.

Funded with the support of the European Commission (Erasmus+ programme) and the Ecologically Intensive Agriculture (AEI) chair, it is the fruit of the collaboration between 6 European universities: AGROCAMPUS OUEST (France), University of Agriculture in Krakow (Poland), Università di Bologna (Italy), Université de Liège (Belgium), École supérieure d'Agricultures (ESA) (France), ONIRIS (France).
